

OFFICE OF THE DEPUTY COMMISSIONER
DISTRICT KEAMARI (KARACHI)

No. DC(KEAMARI)/K/ 1279 /2025
Karachi. Dated: 31 / 12 / 2025

To,

The Commander,
Pakistan Air Force (Base Masroor),
Maripur, Karachi.

The Lt. Commander,
Pakistan Navy, Naval Estate Officer Sindh,
H-Q Coastal Command, Karachi.

subject: REQUEST FOR SUPPORT AND ISSUANCE OF NOC FOR
CONSTRUCTION OF LINK ROAD ALONGWITH NALLAH FROM
RCD HIGHWAY MAOCH GOTH TO HAWKS BAY, DISTRICT
KEAMARI, KARACHI (PUBLIC INTEREST PROJECT).

It is respectfully submitted that the Karachi Development Authority (KDA) has initiated a project regarding the construction of a link road alongwith Nallah from RCD Highway Moach Goth to Hawksbay, District Keamari, Karachi, within its jurisdiction in order to improve connectivity and facilitate public convenience. The said project is purely in public interest, aimed at easing traffic congestion, improving accessibility, and providing relief to the general public.

In this regard, as the proposed alignment of the link road falls within / adjacent to the area under the administrative control of Pakistan Air Force & Pakistan Navy, the Karachi Development Authority has approached this office under letter No. PS/CE(D)/KDA/ADP-2338-/2025/-579, date 16-12-2025, with the request to obtain necessary support and issuance of No Objection Certificate (NOC) from the Pakistan Air Force and Pakistan Navy for execution of the said project.

Since the project carries significant importance for the general public and regional infrastructure development, it is requested that the matter may kindly be examined at your end and necessary support / NOC may please be accorded at the earliest, subject to fulfillment of codal formalities.

This office shall remain grateful for your kind cooperation in this regard.

REQUEST FOR FACILITATION - CONSTRUCTION OF LINK ROAD AND NALLAH
FROM RCD HIGHWAY (MOACH GOTH) TO HAWKS BAY, KARACHI

Reference(s):

A. KDA letter No. PS/CE(D)/KDA/Moach/2025/444 dated 02 September 2025.

1. It may be apprised that 4986 acres PN's (mutated) operational purpose land is located at Deh Moach, Keamari Town Maripur, Karachi and the same is in physical possession of PN since 1956. Since the land in question was Explosive Depots which was required to be governed by SRO Issued by the Federal Govt/ MoD. Accordingly, safety zone/ distance (1143 meters) outward from the entire outer boundary wall of subject PN's land was assumed/ established for safety/ security purposes. Joint demarcation plan of the same (duly endorsed by the relevant authorities) is hereby enclosed for perusal/ reference.
2. Although, proposal for construction of subject link road (project) to enhance transportation facilities to facilitate general populace including surrounding areas received vide reference is generally supported. However, owing to under consideration futuristic expansion plan of existing (explosive depot's) facilities and its immediate proximity, construction of subject link road (project) at the proposed site/ route is not supported due to safety/ security concerns. The same have already been conveyed time to time at various relevant forums w.r.t necessary arrangement for re-routing the subject road proposal (by passing PN's land area).
3. Forwarded for consideration and further necessary action, please.

Project: CONSTRUCTION OF LINK ROAD ALONG WITH NALLAH FROM
RCD HIGHWAY MOACH GOTH TO HAWKS BAY KARACHI (ADP #
2635/2023-24)

REQUEST FOR PERMISSION FOR DRONE SURVEY

It is submitted that subject project has been initiated by Government of Sindh, as part of Annual Development Program 2023-24. The Project envisages construction of 8 Km Road from RCD Highway Moach Goth to Hawksbay. The project aims at to provide better transportation facilities to people of area and surroundings. The Road can also be used for swift movement of armed forces in case of emergency. Work has already been started on 2 Km portion

It is further informed that it is extremely difficult to conduct survey through conventional means, as it would require clearance bushes and wild trees of approximately 6 Km, which is not feasible, since it would take considerable time to collect data for detailed design. As such data can be collected in expeditious manner through Drone Survey.

In view of above, it is requested that permission may please be granted to carry-out drone survey to obtain required data for detailed design for hassle-free execution and completion of project in timely manner

An early action in matter will be highly appreciated
